TUCUMCARI FAIR PROVES SUCCESS

Many Exhibits Will Be
Brought to El Paso Ex-
hibition; Good Crops.

Tucumcari, N. M., Oct. 13.—The
fourth annual Quay county fair, which
closed here last night, has been con-
sidered to be the best which has ever
been held in this county. There were
several times the amount of farm pro-
ducts displayed over previous years,
in spite of the fact that very little of
the produce was planted until the be-
ginning of the fall rains early in Au-
gust, making the crop practically a 60
day one.

The exhibits covered nearly every
common farm product, with the addi-
tion of a number of new or compara-
tively unknown growths, including
pennsylvania, Jerusalem corn and
several new admixtures of melons.

One unique exhibit was a hat of the
sombre shape, made from the fibre
of the Bear grass, a handiwork of Mrs.
J. B. Forbes, of Bard City.

All the awards of premiums have
been made, the 20 precincts dividing
the honors. San Jon captured the blue
ribbon for the largest community ex-
hibit, also for the best arranged booth.
Bard city was awarded five first-class
prizes, while Plains received seven,
also receiving the award for the best
vegetable display, this covering pop-
corn, cucumbers, red pepper, artichokes,
mustard, big German millet
and wheat.

The largest display of farm products
was conceded to be that of Ogle dis-
trict. Logan won the award for the
best cotton, San Jon for beans, Bard
city for turnips and melons, Endeavor
for corn, and the community exhibit
for the best alfalfa. Plains displayed the best
alfalfa, while Nara Vista easily captured
the apple prize. Tucumcari was strong
on the chicken exhibit, while Quay
raised the best Indian corn, also win-
ning first prize for the best winter mus-
kmelon and Rocky Ford.

The fancy and art exhibit was by far
the best ever gotten together in this
community, covering several classes of
needle work. The school exhibit was
also a surprise to the visitors.

A committee is making a selection of
the various displays of the fair in or-
der to make as good a showing as
possible at the coming El Paso ex-
hibition, desiring to make this display
a credit to this section and state. A.
R. Carter, president of the association,
is being congratulated on all sides
for the success of the movement.

TO PUSH CLAIMS OF DEL RIO AS A WINTER RESORT

Campaign for Tourists To Be Con-
ducted at Chicago Exposition
in November.

Del Rio, Tex., Oct. 12.—At a meet-
ing of the membership of the Com-
mercial club and the Real Estate
association, held at the Commercial
club rooms, a plan for the general ad-
vertising and exploitation of Del Rio
as a winter resort was adopted and
will be put into effect immediately.
The plan calls for the cooperation of
the Southern Pacific and Orient sys-
tems at the great exposition conducted
by the Chicago Tribune, at Chicago,
from Nov. 19 to Dec. 4.

The secretary of the Commercial
club will deliver a lecture each day at
this exposition at the Southern Pacific
booth, illustrated with hand-colored
stereoscopic slides of scenes in the
Del Rio country, and will distribute
literature, including the famed winter
climate and the opportunity for a tour-
ist's hotel proposition at Del Rio.
Grouped photographs in frames, under
glass, will be hung about the booth
and from 10 o'clock each morning until
10 at night the secretary will be on
hand to answer questions propounded
by the thousands of visitors. Probably
half a million people will attend this
exposition and with the splendid co-
operation of the great railroad sys-
tems, and especially the lecture to
be given in the Southern Pacific de-
partment, Del Rio is certain to get
such exploitation as it never received
before.

The Commercial club will pay a por-
tion of the expense, the Real Estate
association will bear another portion,
and the balance is being raised by pub-
lic subscription. Sufficient money
has now been subscribed to insure this
advertising campaign being carried
out.

ant and profitable afternoon was spent

National bank, bought the stock in that
bank owned by L. B. Baker and John
Atwood, president and vice presi-
dent of the bank. Mr. Foyil will be made

new duties at that date. In the past
year Mr. Foyil has received more than
\$20,000 in banking stock in this city.

shown during his connection with the
bank remarkable business and execu-
tive ability and has won the entire con-
fidence of the business men and of the
public.

DANGER OF FUEL FAMINE

IN TEXAS IS VERY REMOTE.

Available Supply of Coal in the State
is Thirty-One Million Tons.

San Antonio, Texas, Oct. 13.—In
Texas at least there is no danger of a
fuel famine for many years to come. It
is estimated by William B. Phillips,
director of the university of Texas bu-
reau of economic geology, that the
available supply of coal in this state is
31,000,000 tons, of which 8,000,000
tons are bituminous and 23,000,000
tons are lignite.

In Texas are only about three
months long, this supply will keep the
state in fuel for some time to come.

This, according to Prof. Phillips, is a
very conservative estimate.

For fuel, is sufficiently great to fur-
nish as much fuel as the entire pos-
sible coal output. With proper devel-
opment of the mines, Prof. Phillips is
of the opinion Texas would be ship-
ping coal to many sections of the United
States, as well as supplying the home
demand.

Ann Hays of Colonia Juarez went
to Salt Lake, expecting to meet Jesse
Smith of Dublin, who has been in Ariz-
ona for a year or so, where they are to
be married.

A son of the famous Lot Smith and
his bride joined the conference people
at Colton.

M. Lease, L. H. Claunch, Oliver Billings-
ley and Mr. and Mrs. J. A. Harris have

the past week, has returned home.

eral wells near Candelaria. Mr. and

WESTERN COLLEGE AT ARTESIA IS SUCCESSFUL

Much Money Raised for Benefit of the
School at Methodist Conference—
Good Indian Corn Raised.

Artesia, N. M., Oct. 12.—The bi-
weekly musical and literary recital
given by Western college was a suc-
cess and largely attended, the audience
including the ministers of the Methodist
conference. There were choruses by
the choral club, piano duets, trios and
quartets, violin and soprano solos and
readings.

Western college entertained at din-
ner the ministers and delegates to the
conference and the college trustees and
their wives. Rev. Joel F. Hedgpeth was
toastmaster.

Mr. and Mrs. William Iried and Mrs.
Juanita Powers desired to take up
their residence at Anaheim, Cal.

Farmers are engaged in cutting their
fifth and last crop of alfalfa for which
they are receiving \$13 per ton.

One of the attractions of the farming
exhibits at the alfalfa festival was the
Indian corn that would compare favor-
ably with that of the corn states.

The members of the high school have
a supper at the Sipple building at the
close of the festival.

Farrell and Carson have sold their
restaurant to Nicholas brothers.

Earl Jones has purchased the interest
of E. E. Willis in the moving picture
show, the new firm being Samson &
Jones.

At the Western college bazaar, Atkins
in 10 minutes raised \$1450 for that in-
stitution, 33 persons contributing \$50
each.

The cemetery association cleared
about \$80 at the flower show.

Dr. F. M. Smith has moved his of-
fices to the Sipple building.

TAX VALUES IN REEVES COUNTY SHOW BIG GAIN.

Assessed Valuation is Nearly Doubled
Within the Past Three Years.

Pecos, Texas, Oct. 12.—Announce-
ment has been made that the assessed
valuation of Reeves county for the
present year is \$9,084,734, as against
\$3,275,252 for the year 1909. This shows
a total assessed value increase for the
county of nearly \$6,000,000, and consid-
ering the fact that assessments of prop-
erty in Reeves county are exceptionally
low, makes a splendid showing.

In 1906, Winkler and Loving counties
were attached to Reeves county for all
county purposes, they being unorgan-
ized counties at that time. Since then
Winkler county has been organized and
is not now attached to Reeves county.
The total assessed valuation of prop-
erty in Winkler and Loving counties
last year was slightly over \$1,000,000,
so that, notwithstanding Winkler county
assessments are not included in
Reeves county assessments this year,
Reeves county shows an increase in
valuation of nearly \$6,000,000. De-
ducting the Reeves county assessments
of the same year would show that the
real increase of Reeves county assess-
ments has been about \$1,250,000. This,
however, includes the assessment of
Loving county, still attached to Reeves
county, the total assessed valuation of
which for 1910 is \$495,234. With this
added to the assessed valuation of
Reeves county alone is about \$8,589,500,
or about twice what it was three
years ago, when two adjoining counties
were attached to it.

From assessment is also made that state
and county tax rate for the present
year has been placed at 19.28-1-6, which
is an exceptionally low rate. The school
tax rate for precinct (city of Pecos)
is announced at 35 mills.

ber 21 and 22.

years Portales residents, have moved

ment surveying near Alamogordo.

BEGIN WORK ON RESERVOIR

FOR SAFFORD WATERWORKS.

Safford, Ariz., Oct. 13.—Work has
begun in the Fry's canyon, Graham
mountain, on the reservoir for the new
waterworks. The Santa Valley Electric
Gas and Water company has employed
a force of miners to drive the tunnel,
which will be 350 feet long, through
solid rock. They expect to complete
the tunnel in 70 days. The reservoir
will have a capacity of 60,000,000 gal-
lons of water, which can be increased.
Teams have been busy hauling sup-
plies to the camp, which has been es-
tablished near the scene of operations.
Chas. Spaulding is in charge of the
work and the company intends to push
the work as rapidly as possible, giving
the Safford people a supply of moun-
tain water within a few months.

Everything is being put in readiness
for the county fair to be held at Ath-
letic park on October 13, 14 and 15. The
race track is in good shape and some
interesting races are scheduled.
